As Others See Us.

The Berkeley GAZETTE has entered up in its second year and with its advent the paper was enlarged to a seven-column folio. It is one of the best daily papers in the interior and it has a large advertising patronage, which necessitated the enlargement. Since the paper started the proprietors have had to enlarge it twice, which goes to show how the people of that place appreciate a daily newspaper. The proprietors have our best wishes for continued suceess.—Watsonville Register.

The Berkeley GAZETTE is celebrating its first birthday and the founders have just cause to be proud of their first year's work. Starting under anything but encouraging circumstances the GAZETTE has more than kept its own and from the day of its birth has marched steadily onward and upward. The builders of the paper worked with a vim and knew their business. The public soon appreciate business enterprise and hard work and it is therefor no wonder that the GAZETTE has been heartily supported. We wish our contemporary a long and successful life.—Alameda Telegram.

Good Signs.

One of the hopeful signs of Berkeley times is the fact that there is still such a good demand for lots and houses, notwithstanding the lateness of the season. Vesterday O. G. May made the sale of a splendid lot on the northwest corner of Fulton and Durant streets, a part of the Whitcomb estate. J. M. Huddart, manager of the Clatsop Mill Co, San Francisco, was the purchaser. He will build a very pretty cottage right away.

It Is Said

That the Commercial Bank must have received a large amount of money since the first day of April as there is quite a discrepancy between the amount on hand November 1st and the amount on hand when the Assessor called around.

That a woman who was recently sentenced to San Quentin for life, has requested her attorney to take no steps toward procuring her a new trial as she is perfectly happy and contented where she is.

That Captain C. L. Stork, who keeps a butcher shop on the corner of Fifth street and University avenue, was one of the first people in San Francisco to respond to the call of Abraham Lincoln in 1861 for volunteers. He at that time was conducting a butcher shop on the corner of Fourth and Howard streets, San Francisco, and he left his cleaver sticking in the block while he hunted up the recruiting officer to enlist. He has been a resident of West Berkeley for eighteen years but will leave shortly on a visit to the old country.

A carload of fast horses from the East passed through Berkeley today.

President Richards of the Board of Trustees is contemplating a week's rest at the springs, as his close attention to business, and his duties as President of the Board, has made it absolutely necessary.

VICTORY IS OURS.

THE WHARF AND SCHOOL BOND PROPOSITION

To be Submitted to the Voters of Berkeley—Other Important News.

Board of Trustees.

At an adjourned meeting President Richards called the members of the Board to order at precisely 8 o'clock p. m. standard time. All of the trustees answered the roll call. Reading of the minutes was dispensed with and the President stated that the Board was ready for business.

The Electric Light Committee submitted a report in which it was recommended that the Electric Light company be instructed to furnish and place in position for lighting twenty more arc lights. These lights are supposed to take the place of the incandescent system recently reported upon by this committee for which bids were asked and none received.

The report brought out quite an animated discussion. Trustee Jones was opposed to the measure on account of the increased expenditure which the town in its present financial capacity, could not afford, for one reason and for another there was a doubt in his mind whether the Board had any authority to make the order. There was a doubt in his mind when he voted for the incandescent proposition but he had allowed himself to take the opinion of other members of the Board. He might be willing, to vote for ten lights but no further on account of the town finances.

Trustee Martin stated that the lights were wanted in parts of the town where large amounts of money are paid into the town treasury. He said: We not only ask it, but we demand it. Let the town be in darkness one month and enough will be saved to pay the additional amount asked for. It was all understood by every member of the Board except Mr. Jones and he could soon be made to do so.

Trustee Jones said: I voted on the proposition as other members did. If they have made up their minds it can be carried. I know more about it now and am cautious. I depend upon my own knowledge.

Trustee Hoff thought that if the town could save enough in one month to pay the expense that ten lights should be ordered.

Trustee Jones was opposed to un necessary haste but believed the town should go along as fast as possible but should see where it was going to land. He represented the whole town and not any particular section and believed the money should be spent equally. Other portions of the town that have not had their share should get the benefit as soon as possible.

We want to investigate and see how we are coming out. We should live within our income and come out without being in debt. Then we will be prepared to pay as we go along. Let us keep within the limits until next year.

In answer to a question Attorney Hayne said that under the present contract with the Electric Company all improvements are to be made by the company.

Trustee Hoff asked if there was a way to get ten lights after investigating the matter.

Trustee Jones replied that after investigation if everything was all right ten lights can be had.

Trustee Martin said that winter was coming on and that we want lights.

President Richards said nothing would be lost if the matter went over until the next meeting.

The motion then came up upon the adoption of the Committee's report and it was accepted, Cripps, Martin, Durrell and Hoff voting aye and Gage, Jones and President Richards voting no.

A resolution was then introduced directing Chas. S. Huggins, engineer of the town of Berkeley, to make plans and estimates for constructing a wharf for the town of Berkeley.

When the report of the engineer of the town was looked at it was found that the estimate exceeded the original amount of $80,000 asked for. Trustees Martin, Hoff and Durrell thought the original amount asked for would be enough for the wharf. Trustee Gage said that by reducing the wharf some that it would come within the amount asked for, and the engineer was instructed to modify the report to conform to the $80,000 and present it to the Board later in the evening.

The report of the architect on the school bond proposition was next presented. It was found to be in the same position as the wharf estimate was, in that it succeeded the amount, $120,000 asked for by the Board of Education.

The report brought out quite a lengthy discussion. Trustee Durrell objected to the report on a strictly business point of view. He was in favor of all the schools that could possibly be had. In this case he looked at the matter as a good business man should and stated his detailed objections in a quite long address.

Trustee Martin endeavored for some time to get the Board out of the tangle which it had got into in discussing the details of the report. The knot was finally unwound by directing the architect to make the changes so as to bring the limit of amount of bonds within the $120,000 applied for and to make a report at the next meeting of the Board. The attorney was requested to draw up an ordinance in compliance with these facts.

A report was made by a special committee recommending that Justice Lord be allowed $45 for rent for the last three months, and hereafter each Justice should pay his own rent wherever he might be.

This report was objected to by Trustee Martin, on account of making a town officer pay rent for town hall.

Trustee Hoff had an idea that the commtttee was to look for a room for Judge Lord. That the room he had been paying $15 per month for could now be obtained for $7 per month.

Marshal Lloyd, from a remark made by one of the Trustees, said: "It is immaterial where the courtroom is selected, I propose to take my cases where I see fit."

He was asked if the law did not require a case to be taken to the nearest Justice. Lloyd replied that the nearest Justice was in the town of Berkeley, and the Board had no authority to direct where cases should be taken.

President Richards said he would vote to pay Justice Lord $7.50 per month for rent.

Upon motion it was decided to pay Justice Lord $45 for back rent and $7.50 per month for rent from now on. Trustee Durrell voted against it.

A pro forma resolution was introduced instructing the architect to make a report changing the present plans and estimates for school bonds.

The modified report of the engineer making the estimate to conform to the amount of $80,000 was now presented and adopted by the Board or received and filed.

The matter of submitting the proposition of issuing bonds to the people was brought us. More discussion was indulged in. Trustees Durrell and Hoff worked hard to have the wharf proposition voted upon first, although neither one of them made a motion to have a day of election called. The allowing of the voting on the wharf bond matter first was defeated by the votes of Gage, Jones, Cripps, Martin and President Richards. Trustees Durrell and Hoff voted in favor of it.

Attorney Hayne was instructed to draw up an ordinance for an election, on account of the school and wharf bonds, and have it ready for the next meeting.

The matter in relation to the communication of Wm. P. Grant presented at the previous meeting of the Board, was then taken up. Attorney Hayne said he did not think the ordinance could be sustained, and did not see that the Board should take any action. He thought the requirement oppressive. Mr. Grant had no claim on the town. Mr. Grant said that he did not think it was right for any man to put

PROPERTY OWNERS ON THE LINE OF THE SOUTH SIDE SEWER

Do not Want to Pay Their Assessment as They Think It Does Not Benefit Them.

South Side Sewer.

The California Bridge and Construction Company is about to bring suit against a number of prominent property owners of Berkeley for the assessment levied to construct the south-side sewer, running from near Shattuck avenue to the bay. The work was done about eighteen months ago, and the suit is brought to establish a lien on the property and protect the interests of the company. The assessment was not heavy, as the district covered was large, and the property immediately on the sewer was only taxed 30 cents per foot, but those who are on the hill west of the sewer claim that they cannot derive benefits in proportion to the amount of their tax. They acknowledge that the work was well done, and that it was a great benefit to the town, but they are unwilling to pay for a sewer which is so far distant from their property as to be difficult of access. Among those interested are John Garber, Mrs. Smith, Mr. Hopper and Mr. Palache.

his hand in his pocket and defend the ordinances of the town. He thought the town should appeal the case to a higher court. On motion the town attorney was instructed to defend Grant's case before the Superior Court.

Marshal Lloyd submitted a report stating that F. J. O'Brien and Joseph Hirschfeld had paid up their back licenses, and that D. A. Landregan was behind.

The bonds of the following named were approved by the Board. They are all applicants for saloon licenses: John A. Munson, H. Namanny & H Timm, John Wieman, C. Higgins, H. Ostermad, D. F. Duggan, H. Dajas, D H. Bruns & Co., Frank Gimbel, J. B. Casabonne, John J. Higgins, E. Guiterre, A. Blumberg, John Lestrange, Moses M. Unda and Charles Peterson.

A resolution offered by Trustee Martin relieving J. W. Schmidt from contract on Walnut street was placed on file. Resolution — rescinding contract with W. J. Schmidt for grading and curbing Walnut street was passed, Martin, Cripps and Hoff voting no, Gage, Jones, Durrell and President Richards voting aye.

The application of Beacon Fire Engine Company for lumber not exceeding the amount of $8 was granted.

The Committee reported on the bids for rubber and cotton hose, awarding the contracts to Midwinter Fair Cotton hose at 65 cents for 550 feet and to Ajax brand cotton hose, 1 ply, 50 cents with couplings, etc., complete.

The Electric Light Committee made the following report:

To the Honorable Board of Trustees:

GENTLEMEN—As no bids were received for incandescent lighting at the meeting of November 8th and as the best interest of the town of Berkeley demand more lights, we would recommend as follows:

That the Electric Light Company be ordered to place arc lights in the following places; one arc light of 450 Watt capacity be placed at each of the intersections of the following streets:

Fairview and Adeline, Alcatraz and Calais, Russell and Ellis, San Pablo and Folger, Parker and Grant, Baker Blakestone, San Pablo and Stuart. San Pablo and Dwight way, San Pablo and Hopkins, San Pablo and Gilman, Bancroft way and Third, Channing way and Ninth, Bristol and Eighth, Holyake and Fourth, Curtis and Bay, Ashby avenue and Fulton, Shattuck avenue and Carlton, Essex and Wheeler, Adeline and Stuart, College and Stuart. And that each and every light be suspended from the center of the intersection of said streets as above enumerated.

JOHN MARTIN,
C. HOFF.
Committee.

Meeting adjourned at 11:10 o'clock.

The Board of Trustees last evening allowed the Beacon Engine Company $8 with which to strengthen the bell tower on the engine house, and as soon as it is finished the boys will hang their new bell within.

Special dispatches to the GAZETTE.

Turkish Atrocities.

Constantinople, Nov. 14.—There is but little change in the situation here. The Italian fleet has arrived in Salancin bay today to join the British fleet. The French fleet of twenty vessels are also on the way. The Kurds of Van are attacking the American villages and the Turkish officials are powerless in their attempts to preserve order. The orders for the outrages were sent by the Porte and have been carried out in a cruel manner. The number killed will probably be never known but it is from 500 to 20,000, according to the Turkish and American versions of the affair.

The Messiah Arrested.

Denver, Nov. 14—Sanford Schlater, the healer and so-called Messiah, disappeared last night, and a warrant has been sworn out for his arrest in the United States Court. Over 4000 people assembled this morning to receive treatment.

Red Ruin.

Boston, Nov. 14—Four fire alarms this afternoon called out the entire fire department to the Empire Distillery department. The fire is still raging and it is thought that the loss will reach $100,000.

A posse started out after the negros at once and succeeded in capturing them within half an hour after the robbery occurred. The negros confessed and also unraveled the mystery of the robbery of three of the principal churches of Dallas.

A Briber Caught.

San Antonio, Tex., Nov. 14—H. B. Martin, a dealer in real estate, was arrested here today and is now in jail under indictment of the United States Grand Jury charged with an attempt to bribe Congressman J. B. Sayres, W. H. Crane and C. A. Pashel. He wanted assistance to forward legislation in the Downsville railroad.

Narrow Escape.

A few nights ago some of the Berkeley boys started out on a general all around tour with the idea of doing some painting in the red line. During the evening their wits got out by the usual way and it was near the wee sma' hours when the conversation turned on the art of swimming.

One of the party, who is noted for his jet black color, assured the rest of the party that he was an expert swimmer and if they would accompany him to the wharf he would give them an exhibition of his skill. They all repaired to the slip on the wharf and the would-be natator disrobed. Suddenly he declared it was too cold to swim. At this critical moment some of the party gave him a push which precipitated him into the briny deep waters of the bay.

Then it seemed as if Pandemonium had broken loose. Some of the party thought the Powder Works had blown up. Others thought there was an earthquake or that the good ferry boat had forgotten herself and exploded.

A second thought came to hand and it was discovered that the would-be swimmer was either beyond his depth or that his courage had forsaken him. Then like gallent heroes four of the party sprang overboard and pulled the victim from the water a wiser and cleaner man in consequence of the night bath.

NOW FOR WORK.

The question as to whether Berkeley is to have a wharf and High School now remains with the people. The Board of Trustees have settled upon the amount of bonds to be voted as $80,000 for a wharf and $120,000 for schools and have instructed the attorney to draw up an ordinance calling an election. This ordinance he will present at the next meeting of the Board and as the notice of election will have to be published for thirty days it will be the latter part of next month when the people will decide by their ballots whether they want the wharf and schools. We believe that they do and we know that if they all stand together they will get both. The election for both propositions will be held on the same day and at the same time.

The election is to be held and our people should leave no stone unturned in their efforts to carry both propositions. Get out and work with your neighbor and get a pledge from him that he will vote yes on both the school and wharf propositions. Make an active canvas in every section of the town and be thus enabled to know to a certainty on the morning of the election that the propositions will carry. If there is anybody that you know who is weak on either one of the propositions talk to him and explain to him that the people have pledged themselves to vote for both propositions and that the failure of either one would show a breach of faith. The amount of money to be expended will do much toward easing the burdens of both the mechanic and the business man besides giving the town a fine wharf and elegant and comfortable schools. Drive away all thoughts of jealousy and let the whole town be united as it will surely be if the wharf and school bonds carry.

AWFUL STATE OF AFFAIRS.

Captain Peter Lane, Leon R. Meyers and Philip Ratz are locked up in the city prison in San Francisco, charged with debauching no less than twenty-five young girls, ranging from eight to fourteen years of age. Eleven of these girls are also in jail. They have all been examined by a physician and his report is something terrible. These children are all as hardened and brazen as any of the old harlots that frequent the Barbary Coast and they will be sent to the Magdalen Asylum just as soon as the men who debauched them are tried and convicted. The police have got plenty of evidence against the prisoners and they will be speedily tried.

San Francisco has been sorely afflicted of late, and crime is rampant in that city. There have been several mysterious murders committed there by parties who are unknown. Durrant, who has just been convicted of the murder of Blanche Lamont, is a moral leper, and is of the same stamp as the three men now in jail in San Francisco. Two of these men are wealthy, and they will use every dollar of that wealth to keep out of jail, so it will take the utmost vigilance on the part of the courts and police in order to convict them. One of them is seventy years of age, another sixty-four and the third one fifty-four years of age. If they are convicted they should be given the full extent of the law. Imprisonment is too good for such beasts; they should be hung.

San Francisco needs a thorough cleaning, or else it will soon be a stench in the nostrils of all good people and will be a blot upon the fair name of California.

Lord Sholto Douglass and his mother-in-law, Mrs. Mooney, have patched up their differences and it is now to be hoped that the public will have a rest. It has been getting regular dozes of Lord Douglas, his wife and his mother-in-law for the past year and it is now thoroughly tired of it.

HOTEL DEADBEATS.

SHARP RASCALS WHO ARE TOO MUCH FOR THE SHREWDEST CLERKS.

Some of the Tricks by Which They Obtain Accommodations Without Paying and Also Borrow Money—Empty Trunks and Bogus Packages.

Despite every precaution taken by shrewd hotel clerks a large number of persons are constantly engaged in securing board and lodging by fraud.

It is usually supposed that when a guest arrives at a hotel without baggage he cannot secure accommodations unless he pays in advance, but the tricky "deadbeat" not only will live in the hotel free for a week, but in many cases will secure a loan from the unsuspecting gentleman behind the desk.

The "deadbeat" constantly evolves new tricks to "do up" the hotel man, and it was not many days ago that a well known hotel was defrauded in a very skillful manner of a week's board and some of the cash in the till. The "deadbeat" walked into the hotel lobby and in a confident manner placed his name on the register as hailing from Chicago. He was neatly dressed and carried a small grip. He informed the clerk that he was a traveling man on his first trip to the coast.

Traveling men are good customers, so the new arrival was assigned to a good room. He handed two baggage checks to the clerk and requested that his trunks be sent for from the depot. In an hour or two he inquired why his baggage had not been sent up to his room. The porter was sent for and explained that the transfer company had not been able to find it. Inquiries were made by telephone, but the railroad people could give no information of the missing baggage.

"Well, I am in a nice fix," said the new guest to the hotel clerk, "for all my clothes are in my trunks, and I suppose the things have gone astray."

The clerk was very sympathetic, for a traveling man without his clothes is indeed to be pitied. The fellow managed to borrow $20 to buy some shirts, collars, ties, etc., and went out of the hotel vowing vengeance against the railroad company. He even had the hotel clerk pay for a telegram to Chicago inquiring at the depot there as to where the trunks bearing certain numbered checks had been sent to. The reply came back that they would look the matter up, and pending the information the new guest had a royal good time at the hotel. In a few days he disappeared, and it then dawned upon the hotel men that they had been neatly swindled by the means of two baggage checks which evidently had been stolen at some time in Chicago or elsewhere.

Another favorite trick to defraud a hotel is done by means of a confederate. One man will go to a first class house and secure a good room. About the second day he will be in the office, and while there the hotel clerk will receive a telephone message purporting to come from a well known store asking if Mr. So-and-so desires the goods he ordered sent up to the hotel. The clerk will naturally ask the guest the question, and he will reply that he desires the goods sent up. When the package arrives, there is always $10 to $25 to be paid. The hotel man is requested by the guest to "settle the amount and charge it up in my bill." It does not pay to offend a guest whose appearance indicates wealth, so the money is handed out in payment. The guest now disappears, and his trunk is found to be a cheap one and generally full of paper, while the package which has been paid for by the hotel people is also worthless.

Bogus telegrams and letterheads are frequently used by "deadbeats" in order to secure a little ready cash until "my money arrives," and very often the scheme works all right, for a hotel clerk is always afraid of offending a guest in these matters, for should he mistrust an honest man he will injure the hotel's reputation. While most hotels make it a rule not to cash drafts or checks or loan money, still very often the "deadbeat" will make them break it.

A scheme which has recently been worked all over the country was for the "deadbeat" to send by express a package to a hotel in another city. It would be heavily sealed and marked, "Value $200," and the hotel man, thinking that it contained jewelry intended for a guest soon to arrive, would put it in the safe. In a few days the "deadbeat" would turn up at the hotel, register and inquire if a package had arrived for him. He would be told that it was in the safe, and he would tell them it contained watches and valuables. The same night a loan of $80 would be asked for, and the hotel man, remembering the valuable package in the safe, would in nine cases out of ten hand out the coin. The guest would disappear, and when the package was opened it was found to be of no value.

As all accounts in hotels are rendered weekly it is impossible for dishonest persons to obtain free living for longer than a week, for they will be requested to pay or vacate.

A man and his wife, by placing a supposed jewel case in a hotel safe, managed, some time ago, to secure over six weeks' living in a well known hotel in this city. The landlord, who had seen the woman wearing a quantity of jewels, naturally supposed they were in the jewel case in his safe. When the guests disappeared and the package was opened, it was found to be a trunk strap, carefully coiled up and tied with string.—San Francisco Chronicle.

Bismarck on Marriage.

A Vienna paper publishes a collection of aphorisms on love, women and marriage which have found utterance in the sittings of the German parliament. The following dictum is attributed to Bismarck, "It is an immense advantage to the career of any man if he can embark on the voyage of life without a female crew."

Burglars attempted to enter the residence of Mrs. Lamb on Fulton street on Tuesday evening last, but were driven away by a neighbor, who took a shot at them.

Hupp and Ransome, two of the best players in the University football team, are laid up and it is feared that they will not be able to play on Thanksgiving day.

Manual Training.

An old friend of Dr. Holmes says: About 20 years ago, being in Boston one day, I called upon him and was ushered into his library unannounced. As the door opened I heard a singular scraping sound, and the doctor rose to meet me with a slightly embarrassed air.

When the servant was gone, I said, "I am afraid I disturbed you."

He laughed. "Yes, you did, but I was at work on neither a poem nor a lecture."

He touched a spring, and out from under the library table rolled a little bench fitted out with a turning lathe and tools.

"This is the way I rest myself," he said. "But there are people in the world who would think that if a physician made 'jimcracks' he must be mad. So when I think any such fools are coming I touch this button, and away goes my workbench, and I am discovered in character, bending over my books."

Dr. Holmes was one of the first of our physicians to see and point out the danger in the prolonged nervous strain to which brain workers in this country too often subject themselves. He insisted upon the value of a hobby, some mental occupation differing from the ordinary business or profession, on which the brain could at once work and rest.—Housekeeper.

A Newspaper For the Blind.

There is but one newspaper in the world that is published in the interest of blind people, The Weekly Summary of London. It was started in the spring of 1892 and now claims subscribers in every quarter of the globe. It is printed in "raised," or Braille letters, and is considered a literary curiosity. That it will succeed may be judged from the fact that it has been twice enlarged since the fall of 1893.—St. Louis Republic.
